CHERRY LODGE CANCER CARE

ANNUAL REPORT 2025

Our Mission Statement

Cherry Lodge Cancer Care exists to enhance and complement the treatment offered to individuals living with cancer, their carers, family and friends within the London Borough of Barnet & South Hertfordshire.

The charity was established by a group of health care professionals, inspired and led by Dr Margaret Clark, and others with personal experience of cancer.

The objective of the charity is to offer care and comfort to those on their cancer journey by providing easy access to specialist information and support along with complementary therapies.

The aim is to help improve quality of life, promote well-being and encourage a strong resolve for self-help.

The service is designed to be person-centred, non-judgemental and available to all in need, completely free of charge for as long as it is needed.

Cherry Lodge Cancer Care is an independent charity committed to improving the quality of life for people affected by cancer.

We work alongside the clinical care of the NHS, with nurse-led services providing specialist information and support as well as complementary therapies and activities.

Our approach is holistic, seeking to address the physical, emotional and psychological needs of people at all stages of their cancer journey. We are also able to support family members, carers and friends.

The people who use our services are known as members and the atmosphere in our centre, Howard House in Union Street, High Barnet, is warm, welcoming and unhurried, in contrast to the typical hospital environment. All our services are provided completely free of charge and for as long as they are needed.

OBJECTIVES

In planning charitable activities for 2025 the board of Trustees kept in mind the Charity Commission's guidance on public benefit.

Our major objective, as outlined in the Cherry Lodge Mission Statement, is the provision of information and support, complementing the treatment and care provided by the NHS and other agencies.

We endeavour to address the various and often complex needs of people affected by cancer. Cherry Lodge members benefit from talking about their treatment with someone in addition to their hospital specialists. NHS services are under pressure, and this has increased the need for the follow-up and supportive services we offer.

By providing simple explanations and offering therapies that help minimise side effects, Cherry Lodge can improve patient compliance in attending hospital appointments, treatments and investigations.

A diagnosis of cancer can be devastating and often causes people to lose confidence. There can also be major challenges further along an individual's cancer journey. To help people cope through difficult times, Cherry Lodge has increased its provision of counselling and hypnotherapy appointments, as well as putting on mindfulness sessions and workshops and talks.

To meet specific needs we have well-established, nurse-led support

groups for people with particular cancers, and a carers' group.

A further Cherry Lodge objective is to improve well-being through our programme of exercise and leisure activities. All group activities have the added benefit of giving members an opportunity to meet people in a similar situation to themselves or others who are now further along their path to recovery. Through regular attendance, people form friendship groups that provide valuable informal support.

Our Outreach service delivers cancer information, acupuncture and support to people who would find it difficult to visit our centre in High Barnet. Public transport can be very challenging for people who are unwell, as well as expensive. Our Outreach nurse holds regular drop-ins in the west of the borough, addressing the health concerns of people from communities that can sometimes be hard to reach.

INFORMATION & SUPPORT

During 2025, Cherry Lodge continued to provide a wide range of information and support services designed to meet our members' needs. They are delivered by cancer nurse specialists, by therapists with appropriate qualifications and insurance, and by trained volunteers.

Up-to-date details of all our current services can be accessed via the Cherry Lodge Cancer Care website: www.cherrylodgecancercare.org.uk

This Annual Report provides only a brief overview of our various services (with attendance figures for 2025 included).

Nurse Appointments

Our cancer information nurses offer initial appointments to prospective new members, as well as follow-up appointments to address specific concerns. Appointments can be face-to-face, by telephone or via Zoom.

VOLUNTEERING

Volunteer support is at the heart of Cherry Lodge and is at the heart of the services we provide. Without the commitment of our fantastic volunteers we would not be able to provide all our services free of charge, or raise enough money to fund them. We are extremely grateful to everyone who gives up their time to help us follow our mission.

Cherry Lodge volunteers come from many different backgrounds and bring a range of very useful skills. They are recruited, managed and supported our Volunteers Co-ordinator, who also manages Home Visiting/Befriending. Volunteers are welcomed, DBS checked, attend an induction course and receive appropriate training.

There were 98 volunteers on our books in 2025, covering a range of different roles. Many volunteers make a weekly or monthly commitment, some with dual roles, whereas others help on an occasional basis, for example, at a particular event. Important roles filled by the highest numbers of volunteers were:

- Fundraising volunteer (16)
- Shop volunteer (23)
- Complementary therapist (16)
- Receptionist (18, incl. 2 admin)
- Befriender (7)
- Trustee (7)

During the summer of 2025, a review of our volunteers was undertaken, as some volunteers undertook one or more roles at CL. As a result of this the number of volunteers overall has dropped as they are now counted once

rather than for each of their volunteering roles.

The volunteer Trustee board members in 2025 had experience in business administration, finance, healthcare, law, fundraising, media and design.

FUNDRAISING

Cherry Lodge Cancer Care could not survive without the generosity of our many supporters. Without them we would not be able to provide our much-needed information and support services, all completely free of charge. We receive no statutory funding. With annual running costs in the region of £400,000 we need to raise money in multiple ways. For more details about how you can help, please see our website

www.cherrylodgencancercare.org.uk

Donations

We are delighted to receive one-off or regular donations. The Founder's Appeal and our Lights of Love event are important annual donation opportunities. Numerous individual donations, such as those made 'in memoriam', to celebrate family occasions and as 'thank you's' to Cherry Lodge, including £10,000 from the Tom & Sheila Springer Charity, £5,000 to honour the 99th birthday of Mr Aubrey Rose from the Ark of Noah Trust, and £11,000 from the former Barnet Old People's Welfare add up to a significant sum.

Legacies

We encourage people to think of Cherry Lodge when making a will. Leaving money to charity can bring significant tax advantages.

Legacy income has made a huge difference to Cherry Lodge's longer term financial security – but it is unpredictable and cannot be relied upon to meet annual running costs.

Fundraising events

Our Fundraising Events Co-ordinator and Cherry Lodge fundraisers work hard around the year to put on a varied programme of interesting events. Among the events organised by the fundraising team in 2025 were the Laugh Out Loud comedy night in May, our Pink Tombola in October and the Christmas Fair.

Income from fundraising is boosted each year by working with others. Close links have been developed with organisations, companies and individuals to help them put on events

to raise money for us. The nature and extent of Cherry Lodge involvement varies but is sufficient for us to consider such events to be 'joint' or 'hybrid'. A major event was the Summer Soulstice festival in June, who have supported Cherry Lodge for many years.

Other fundraising events in aid of Cherry Lodge are put on independently, with no or little input from us. We are extremely grateful to all our 'third-party' fundraisers, including Steve Meadham, founder of Psychobilly Kicks Back, and the organisers of regular Cha Nights at the Arkley Club, the annual Alan Cox Golf Day at HWGC, and Keith Menzes at Arkley Golf Club.

Sponsorship Another major contribution to our fundraising income is the money raised by people seeking sponsorship for taking part in an exercise event or trying out a new activity. Examples in 2025 included the Easter Walk 'n' Talk, London Marathon, a Sponsored Swim in QE Boys' pool, Jane Say's Camino Walk and Meena Parihar's skydive

The Cherry Lodge Shop Our charity shop in Church Passage continues to be an important source of fundraising income. It is also the public face of Cherry Lodge, raising our profile in the local community.

Gift Aid

We encourage our supporters to sign up for Gift Aid, allowing us to claim an extra 25p on every £1 donated.

THE FUTURE

When planning for the future we will be guided by the principles expressed in our mission statement. We have redesigned our publicity materials including information leaflet with the aim of encouraging more people to seek our help. We are also working on launching a new website in the summer of 2026. Everything possible will be done to ensure we always deliver top quality services. We will regularly measure our achievements and assess the benefits we have brought to our members.

THANK YOU

We send huge thanks to everyone who supports Cherry Lodge - staff, volunteers, donors and fundraisers - helping us fulfil our mission.
